

Helping children and families thrive in a community of promise

IMPACT

Holistically and equitably support the developmental needs of young children from families with varying incomes, races, ethnicities or cultures to promote long-term developmental (social, emotional, and academic) success

OUTCOMES

ECE professionals have increased resources, knowledge about child development and growth, and interact with children and families in positive ways

Improved access to high-quality ECE for young children and their families

Young children are school ready and achieve developmental milestones through ongoing, individualized observations and other assessments

Families have a say in the direction of programming

ACTIVITIES

Families have access to the learning and support needed to thrive financially, socially and emotionally

Families have increased knowledge about child development and parenting

Families prioritize their personal well-being goals

Offer wrap-around family services (holistic school readiness & home visiting services)

Living wage, training, and other resources offered to the ECE professionals who educate and care for children

Provide high-quality early childhood education (ECE) that is accessible to all (scholarships provided & seats held for residents with fewer resources)

Ongoing and regular parent engagement

Offer affordable housing, information & referrals to Rise Early & other social services, and residential events & leadership opportunities

Families have a stable foundation to achieve their goals

Residents are equipped to succeed in school and jobs

Families connect, lead, and shape community

Families have access to resources and support needed to remain stable in their homes

Rise Early

Way to Grow

CommonBond Communities

In partnership with CommonBond Communities, Way To Grow, funding partners, and others, Rise Early will provide high-quality early childhood education, meeting the holistic needs of young children and their families in a supportive community setting.

Guiding Principles

- Quality
- Needs-focused
- Trusted Partner
- Continuous Improvement
